WINTER 2025

## Save With Debit Card Round Up

Is one of your goals for the new year to save more? We have a program designed to help you save without even thinking about it – **Debit Card Round Up!**

How does Debit Card Round Up work? Every time you use your debit card, the transaction will be rounded up to the nearest dollar. At the end of the day, the difference from each of your transactions will be transferred from your checking account into a designated savings account as a single transaction. It's an easy way to put aside savings every time you make a purchase.

This program is **FREE**, and there is no risk. It won't ever overdraw your account if you don't have the available funds at the end of the day. **Enroll today to get started!**

## Message From the CEO

Dear Mission City FCU Members,

Every year, Mission City FCU purposefully makes time to get involved with our community so we can support members, along with our neighbors, friends and families, and help them reach success. This year, I am especially proud of how our board, staff and membership have worked together to support our community.

We have sponsored many events this year, with some recent highlights being the Santa Clara Unified School District's Welcome Back Staff event in August, the Santa Clara Parade of Champions in early October and the Santa Clara Unified School District's Farm-to-Table Dinner in late October. Many of us, including myself, also attended the local blood drive at American Legion Post 419 and Rotary Club of Santa Clara. We also sponsored the Santa Clara City Library Comic Con on October 12 to support reading and imagination in our community.

We are proud to support our community through these efforts and look forward to more opportunities! As your local credit union, we promise to continue to prioritize giving back to our community in 2025 – and beyond.

I wish you all a happy New Year!
